

## University Honors Program Student-Initiated Honors Contract

### Contract Information

---

This Contract for Honors Credit fulfills Honors Contract Course.

**This contract must be submitted within the first three weeks of the semester for which the Honors Contract Course will be completed.**

Course Prefix & Number	Title	Semester & Year
------------------------	-------	-----------------

### Procedure

---

Arrange the terms of your contract with your instructor and provide the information below on an attached page.

- Course Syllabus, including general course requirements.
- Specify how *Honors* course requirements will differ from the general course requirements. These requirements may include but are not limited to: independent research, collaborative projects, service learning, outreach programming, leadership training, alternative media development, professional or technical applications, student teaching and mentoring, and the enhancement of critical, synthetic, comparative, interdisciplinary, or creative thinking.
- Provide a description of alternative assignments, testing, or performance criteria. Note that *Honors* options should focus on different or alternative work, **not** additional work.
- Specify how these *Honors* assignments will be integrated into the final grade.
