THE 2018 BARRY GOLDWATER SCHOLARSHIP COMPETITION

Idaho State University

Students interested in a research career in mathematics, the natural sciences, or engineering are invited to apply to the Barry Goldwater Scholarship and Excellence in Education Program. Established by Congress in 1986, the Barry Goldwater Scholarship and Excellence in Education Foundation operates an educational scholarship program designed to provide opportunities for outstanding U.S. students with excellent academic records and demonstrated interest in, and potential for, research careers in mathematics, the natural sciences, and engineering.

In the spring of 2018, the Foundation will award scholarships to students who will be college juniors or seniors during the 2018-2019 academic year. In order to be considered for an award, students must be nominated by ISU after creating an online pre-application. The pre-application submission deadline for all 2018 nominations is by 5:00 p.m., January 12, 2018.

Applications must be submitted electronically from the Foundation’s website at http://goldwater.scholarsapply.org by clicking Apply Now on top of the page.

The scholarship award covers eligible expenses up to a maximum of $7,500 per year. Junior scholarship recipients can expect to receive a maximum of two years of support. Senior scholarship recipients are eligible for a maximum of one year of support.

To be eligible, a student must be a current full-time sophomore or junior, who has one or two years of full-time undergraduate study left while pursuing a baccalaureate degree, have a B average or equivalent, stand in the upper fourth of the class, and be a U.S. citizen, permanent resident, or U.S. national, who will pursue a research career in mathematics, the natural sciences, or engineering.

Interested sophomores and juniors should contact: Dr. Pak (pakjosh@isu.edu, 208-282-2612) for additional information on ISU’s internal procedure.
