Start of Block: Instructions and Contact Info

Q1.1 This form collects a basic summary of annual activities related to the assessment of general education learning outcomes. Your input will be reviewed by GERC members to verify that assessment is being executed as planned, and will be included in the more detailed 5-year review process. Please submit **one** form **for each general education course**, except for lecture/lab pairs which should be reported together. Each submission should encompass **all sections** of the course in question (including online and Early College). More detailed materials and records should be maintained by departments throughout the assessment cycle. Please address any questions to your unit's GERC representative or gercmail@isu.edu.

Q1.2 Your Contact Information

Q14.1 Please summarize how you assessed general education learning outcomes in $\{e://Field/ _js_course\}$ during the $\{Q2.1/ChoiceGroup/SelectedChoices\}$ by answering the questions below. No more than 2-3 sentences are expected in response to each item.

Q14.2 **List the direct assessment materials** that were collected for $\{e://Field/ _js_course\}$ during the past year (individual student work).

Q14.3 **List the indirect assessment materials** that were collected for $\{e://Field/ _js_course\}$ during the past year (reports reflecting on the work students produced rather than a direct demonstration of learning. For example: syllabi, grades, focus groups, or questionnaires.)

Q14.4 Outline the process by which assessment materials were reviewed.

Q14.5 Summarize key findings from review of direct and/or indirect assessment materials for $\{e://Field/ _js_course\}$, including any observed differences in student performance by class delivery (online, remote delivery, early college).

Q14.6 What curricular change(s) and/or assessment process changes do you plan to make based on this year's assessment data and results?

Q14.7 How did you implement the change(s) you proposed last year?

Q14.8 Close the loop: What was the result when you made the curricular and/or assessment process changes noted in the prior questions?

Q14.9 Please indicate how these assessment results were used by and disseminated in your department.

Q14.10 Do the data and descriptions above encompass all modes in which [\\${e://Field/ __js_course}](#) is offered, including online and early college offerings? If not, please explain.

Q14.11 Describe any changes to the general education learning outcomes themselves that you would like to suggest for consideration by GERC and the SBOE.
