Vertical configuration
The vertical University Mark should be used in all vertical and round applications.

Museo Slab
Robust, yet friendly. Used in the main logo/marketing. Works well for headlines and body copy larger than 10 points. Looks best in upper and lower case (not all caps).

Museo Sans
Clean, pure sans-serif counterpart to Museo Slab, used across branding. Works well in caps for subheads, for copy smaller than 10 points and for large amounts of copy.

Museo
Falls between Museo Slab and Museo Sans. Sophisticated, but more informal font. Works well for headlines and shorter amounts of copy.

Veneer Clean
Very bold, strong font and should be used sparingly—ideally in headlines and simple, singular, bold statements which need to stand out.
