

**RPR 55-4 INSTRUCTIONS TO CARRIER FOR MAINTAINING CONTROL OF THE SHIPMENT  
BY EXCLUSIVE-USE VEHICLE**

**GENERAL INSTRUCTIONS:**

This shipment, loaded by consignor, must be unloaded only by the consignee, or by individuals having radiological training and resources and approved by the consignor. [173.403(i)]

No additional materials, radioactive or otherwise, are to be transported with this consignment. [173.425(b)(4)]

The load must remain blocked and braced, and the vehicle must remain placarded, during the entire trip. [173.425(b)(6)]

Persons should not remain unnecessarily in the vehicle. [177.842(e)]

**EMERGENCY NOTIFICATION:**

In the event of an emergency situation where the vehicle configuration must be changed, the consignor must be notified prior to initiation of the change:

During normal office hours (8am to 5 pm, Monday – Friday):  
Idaho State University  
Technical Safety Office  
208-282-2311

Other hours:  
ISU Public Safety 208-282-2515

**ACKNOWLEDGEMENT:**

This instruction sheet is to be retained with the shipping papers [49CFR173.425(b)(9)]. Carrier hereby certified that he has read and understands the instructions for exclusive use shipments.
